You will be given a T.V template in which to illustrate within the lens of the T.V. My hopes are that we can learn from our youth what issues stand at the forefront to them and have a serious conversations about them.

Description:

*I chose to put inside my television hands holding on to prison bars with the statement “CHAUVIN GETS 75 YEARS FOR KILLING GEORGE FLOYD”. The reason I made this state is the sentence in my mind needs to run consecutive (which means he would get 75 years for all counts he was found guilty on) instead of concurrently which could get him only 12 years.
